Akarsh Mishra

B.Tech Computer Science & Engineering (2023–2027)
Pratapgarh, Uttar Pradesh, India
Mail| LinkedIn| GitHub

PROFESSIONAL SUMMARY

Computer Science undergraduate specializing in **Artificial Intelligence, Machine Learning, and Full-Stack Web Development (MERN)**. Experienced in developing AI-driven applications, participating in national hackathons, and organizing technical events. Passionate about building impactful software solutions and exploring emerging technologies such as **AI platforms and next-generation communication systems (6G)**.

TECHNICAL SKILLS

- **Languages:** Python, Java, SQL
- **Web:** MongoDB, Express.js, React.js, Node.js, HTML, CSS
- **AI / ML:** Neural Networks, Deep Learning Basics, Voice Emotion Analysis, Facial Recognition
- **Core CS:** Data Structures & Algorithms, DBMS, OOP
- **Tools:** Git, Technical Documentation, Team Leadership, Event Coordination

PROJECTS

- **VoiceScope-AI (Python)**
  Built a real-time voice analysis system that detects **gender and dominant emotion** from recorded audio with confidence scores.
- **PrepBot.AI (MERN + AI)**
  Developed an AI-powered EdTech platform for **interview preparation and learning assistance**.
  Grand Finalist – **Hack with Uttar Pradesh 2025** (Team: Script Squad).
- **MedRx (AI + Web)**
  Platform that **simplifies medical reports and prescriptions** into easy-to-understand explanations for patients.
- **Enrole (Web Platform)**
  Designed a **secure one-to-one interaction platform** for emotional communication and digital engagement.
- **Portfolio Website (Next.js)**
  Built a **modern responsive developer portfolio** showcasing projects, skills, and achievements.
- **Inventory Management System (App)**
  Developed an application to **track inventory, manage stock updates, and generate reports**.

EXPERIENCE

- **Python & Web Development Intern — Vault of Code**
  Sep 2024
  • Built a **Python To-Do List application**
  • Developed an **Amazon UI clone using HTML/CSS**
- **Deloitte Job Simulations**
  Technology Consulting | Cybersecurity
  • Worked on simulated projects involving **digital transformation, cyber risk analysis, and security frameworks**

ACHIEVEMENTS

- **Grand Finalist — Hack with Uttar Pradesh 2025**
- Participant — **Smart India Hackathon 2025 (Internal Round)**
- Participant — **Code Rush (GDG Lucknow, SRMCEM)**
- Attendee — **DevFest 2025**

LEADERSHIP & RESEARCH

- **Coding Event & Hackathon Coordinator — SRMU**
  Organized university-level coding competitions and technical events.
- **Documentation Team Member — SRMU**
  Prepared technical reports and documentation for university teams.
- **Research:** Facial Recognition Algorithms | **Seminar:** Future Scope of **6G Technology**
